Welcome to Magical Mushrooms!

This class is really 2 different classes, but we're one big happy family in lectures:

PLSCI 2010 (2cr) Magical Mushrooms, Mischievous Molds - *this site* has all you need

PLSCI 2013 (3cr) Mushrooms, Molds, and More! - you need *this site*, PLUS the **PLSCI 2013 Canvas site for the Weekly Labs** (<https://canvas.cornell.edu/courses/63431>) info and Syllabus.

All students need the materials on *this* Canvas site, the core of the class that includes Lectures, Lecture Quizzes, Demo Days, and Exams, and the PLSCI 2010/2013 Syllabus.

Here's the **current PLSCI 2010/2013 Syllabus**

(<https://canvas.cornell.edu/courses/62671/pages/welcome-to-magical-mushrooms-and-syllabus>).

Questions? email us at magicalmushrooms@cornell.edu (<mailto:magicalmushrooms@cornell.edu>)

Our lectures happen in-person, Tues and Thurs from 1:25-2:15pm in Call Auditorium.

How to Succeed in this course:

- **Review our Syllabus** (<https://canvas.cornell.edu/courses/62671/pages/welcome-to-magical-mushrooms-and-syllabus>)
 - (have some Qs in mind, like: what topics we will cover? how many quizzes can I miss? where do my grades come from? is there a Final Exam? etc. And add important dates to your

personal calendar)

- **We'll use iClicker in every lecture** starting with Lecture 2. You may use a physical iClicker, or the iClicker Student App (if you opted into CAMP, you can get a physical iClicker at the Campus Store). **Instructions for setting up either kind of iClicker** (<https://canvas.cornell.edu/courses/62671/pages/iclicker-set-up>)
- **Watch the Core Concepts video** before each lecture - it's the topic of the Lecture Quiz!
- **Come on Time** (or you'll miss the Quiz); stay til the end (or you'll miss the Discussion Q)
- **Find your Group**, (<https://canvas.cornell.edu/courses/62671/pages/lecture-groups-seating-map-and-quizzes>) (<https://canvas.cornell.edu/courses/62671/pages/lecture-groups-seating-map-and-quizzes>) you'll sit with them every time
- **Taking our Quizzes** (<https://canvas.cornell.edu/courses/62671/pages/lecture-groups-seating-map-and-quizzes>)
 - (<https://canvas.cornell.edu/courses/62671/pages/lecture-groups-seating-map-and-quizzes>)
During quizzes, phones, devices, and notes must be put away, or your group will lose points.
- **If you miss a lecture**, catch up by viewing Core Concepts & Lecture videos for that lecture in the **Lectures Module** (<https://canvas.cornell.edu/courses/62671/modules/357003>)_.
We do not offer makeup quizzes for any reason - see the **Syllabus** (<https://canvas.cornell.edu/courses/62671/pages/welcome-to-magical-mushrooms-and-syllabus>)_ for how many you can miss without affecting your grade
- See our **course FAQ** (<https://canvas.cornell.edu/courses/62671/pages/faq-lectures-and-lecture-quizzes>)_ for answers to common questions

Questions? email the **Shroom Squad** (<https://canvas.cornell.edu/courses/62671/pages/the-shroom-squad>)_(that's Prof. Hodge, Dr. Mayers, and our ace team): magicalmushrooms@cornell.edu (<mailto:magicalmushrooms@cornell.edu>)
